PUTTING PARTNERSHIP INTO WORDS

"Our agents KNOW who their underwriter is, no matter the account size. The know they will get a person on the phone to answer their questions. It gives them a level of comfort that we are all working together on the same goal: to write business and retain it."

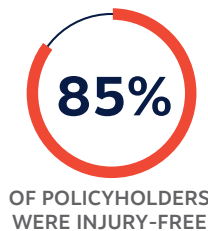

Becky Duello,
Senior Underwriter, MEM

"MEM is a great company to work with. They have friendly and professional customer service, and claims are quickly taken care of. I was recently given another quote for workers comp, and I wasn't interested in moving because of the service MEM provides."

Steph Moad,
Manager, M & W Hauling Inc.
